

- We are solvent. Due to COVID-19, we haven't had much income this year, but we also haven't had many expenses. We have filed our Form 990 with the IRS and our financial report to the AVA. Thanks to Mimi for getting the financial report together
- Our 2021 YREs have been submitted for sanctioning to the AVA. Jeanne renewed Downingtown, Malvern, Phoenixville, Radnor, and West Chester. Jeanne did not renew Hibernia, Hopewell Furnace, and Warwick. They have had very little activity over the last two years. We will consider them for future Traditional One-day Events.
- Since the COVID-19 lockdown began, JC has been working on several new walks:

13th Audubon/Mill Grove/Valley Forge Witness Tree, which is tentatively scheduled for March
Pottstown, which will be scheduled for Fall, 2021
Greenport, NY -- On-line Start Box YRE
Southold, NY -- On-line Start Box YRE

- **Group Walks** (mask-wearing and socially distanced) -- please RSVP with your choice of walk

October 10 -- possibilities include Havre de Grace MD (my first choice), Mifflinburg PA, or a local walk

October 24 -- most likely a local walk

- Other up-coming walks that might be of interest:

Saturday, October 3 – LBW Remembrance Walk – Lorimer Park, Huntingdon Valley

Saturday, October 24 – First State Webfooters – Sea Witch Festival, Rehoboth Beach (brochure attached)

Thursday, November 5 – LBW – Antietam Lake Park, Reading (Traveling Guided Walk)

*Remember – you can search for Atlantic Region events via the Maryland Volkssport Association website

Is anyone interested in doing an Opt Outside Walk on Black Friday this year? Contact Jeanne

Informative talk about Lyme Disease and its avoidance by Doug Fearn from Lyme Basics (new name for the same organization)..
